

Welcome to Red Springs!

One hundred years ago, the Town of Red Springs beckoned visitors with healing waters and family resorts. Today that spirit remains strong in our warm, friendly community. We welcome you to grow your business in our strong, supportive environment, where your business will be nurtured for success.

Mayor John McNeill and Town Manager James Bennett work together to provide a thriving environment where local government is invested in your success. Why choose anywhere else to locate your business?

Find out more about the history of our town and what we have to offer at redsprings.org.
